**Title:** Southwest Power Pool (SPP) Automatic Underfrequency Load Shedding

**Number:** PRC-006-SPP-01

**Purpose:** To develop, coordinate and document requirements for automatic underfrequency load shedding (UFLS) programs to arrest declining frequency and assist recovery of frequency following underfrequency events

**Draft 6** of the Southwest Power Pool (SPP) Automatic Underfrequency Load Shedding Program (PRC-006-SPP-01) Standard has been posted on the [Southwest Power Pool Regional Standards Under Development webpage](http://www.spp.org) for the 30-day Comment Period beginning today, June 10, 2011 and ending July 10, 2011. Any interested party may comment on the proposed standard by completing a [Comment Form](mailto:SPP_UFLS_Standard@spp.org) and submitting the completed Comment Form via email to SPP_UFLS_Standard@spp.org.

Questions regarding the SPP UFLS Regional Standard should be directed to Jason Speer, Southwest Power Pool Senior Engineer.

Your interest and participation in the SPP standard development process is both valued and appreciated.

Regards,
Alice D. Wright, CPA
Southwest Power Pool Regional Entity
