Important Reminder to all OATI users: Network connectivity to OATI upgrade tomorrow, April 8!

To prepare for the transition to OATI OASIS, SPP will upgrade the network connectivity to OATI on April 8, 2009 at 4:16 p.m. If you use an OATI product through SPP, these will be unavailable during this cutover for approximately 3 minutes.

There will be a conference call bridge open during the cutover activities. Your attendance is optional and is provided for your convenience during the network upgrade.

**Agenda**
3:30 - Welcome
3:45 – Customer Conf. Bridge Line Opened
4:10 – Go/No Go check off from ITO/RTO Coordination Desks
4:16 – Execute cutover procedures

**Conference Bridge Line Information**
Number: 1-866-857-7550
Participant Pass Code: 3845725

Once the network connectivity upgrade is complete, the change is expected to be transparent to all users; however, you will benefit from an increased throughput of data.

SPP will send notification on April 8 prior to commencement of the network upgrade, and again upon the completion of the upgrade. Once you receive the completion notification, we ask that you check your OATI systems to ensure proper functionality and availability.

We apologize for any inconvenience this may cause. If you have questions, please contact your Customer Relations Representative.

Thank you.
