**Agenda Item 4: 2013 SOC Update** – Kansas City’s SOC went very well with good reviews.

**Agenda Item 5: DTS Update** – The new version 2.5 is in the first round of testing. Katie Mauldin is continuing to work on ironing out some issues in the DTS to make it respond consistently with real-time operations. Fall REOPs classes are using new and different scenarios.

**Agenda Item 6: 2013 Registration Update and Waitlists** – Springfield SOC (10/21-24) has 10 seats available. There are a few seats available for the remaining REOPs classes, Drills and Net Conferences.

**Agenda Item 7: Upcoming Regional Training Events** – SOCs in October; REOPs in October and November; 2 Sub-Regional Drills in October; Regional drill in November and several Net Conferences through the end of the year.
**Agenda Item 8: Integrated Marketplace Training**  
Upcoming deliverables: Special Resource Types Training; ICCP Control Modes job aid; On-boarding process for new MPs/employees and Parallel Operations Kick-Off meeting. The SPP customer training group will be reaching out to a few OTWG members to assist with identifying future needs/development.

**Agenda Item 9: Lessons Learned from Audits** – No information on audits. Leslie Sink stated that SPP had completed their 693 audit interviews the day before and will share the results at the next meeting. As far as she is aware there were “no finds with just a couple of recommendations.”

**Agenda Item 10: Other Items** –

a. **2014 SOC Locations** – The 2014 SOCs locations have been confirmed. The host locations: Little Rock – SPP, Lafayette – LUS, Springfield – City Utilities, Kansas City – KCPL, Amarillo – Xcel have been placed on the 2014 calendar. These dates and locations were passed unanimously.

b. **2014 Seats for the SOCs** - John discussed the seat occupancy numbers for the 2013 SOCs and suggested for budgetary reasons and for the number of facilitators needed the SOC seat roster be lowered to 50 participants. The OTWG passed the recommendation by a unanimous vote to lower the seat availability from 55 to 50 in 2014.

c. **2014 8 Restoration Drills/6 ERD** – 2014 will have 8 System Restoration drills open to the entire region. There will be 6 Sub-Regional Emergency Response Drills broken into 3 sub-regions. Both drills will be 2-days. The DTS Facilitator hands-on class will be scheduled prior to the drills. The Restoration Principles will now be covered as a part of the drills.

e. **2014 REOPs Dates** – There will be 6 Regional Emergency Operations Training classroom simulation courses. It was suggested that this course may want to move to different locations throughout the footprint. Margaret discussed that the goal was to have more of a “distance learning” option by 2015 so that members would not have to travel to Little Rock to attend this training. Stanley Winbush inquired about the possibility of sending facilitators to the REOPs sessions with their participants to conduct check-offs for JTA purposes. Other RTOs allow this type of activity with a reduced training session fee. Margaret indicated she would not want anything to interfere with the training session’s participants’ group work and recommended this type of activity take place outside of the session time. Leslie and Margaret will meet to discuss a process for potentially accommodating requests of this nature.

f. **2014 Train-the-Trainer** – Based on course evaluations from the 2013 TTT and comments by learners and OTWG members, Jennifer proposed offering 2 - 4 day ILT offerings in Little Rock and 2 net conferences for 2014. The general comments were that this would be a good idea; half a day on Monday and Friday and full days on Tuesday, Wednesday and Thursday. The idea is to have smaller groups so that she can facilitate content from the very beginning phases of SAT to the end of the SAT approach.
g. **2014 Overall SPP Customer Training Calendar** – The calendar, dates and topics were passed with a unanimous vote. The calendar will be completed and emailed to the OTWG members. The Calendar will be posted on 11/4/2013 on SPP.ORG along with an email blast generated by the LMS. Opening of registration will begin at 8:00 CDT on 11/13/2013. The “block” calendar will also be created and posted on SPP.ORG.

h. **2014 OTWG Charter Review** – The annual review of the OTWG charter was completed. The OTWG suggested adding the communication regarding attendance and proxy selection based on the verbiage in the SPP Bylaws. The OTWG passed the Charter with the addition of the new verbiage. Leslie Sink will make the changes, send to the OTWG and post on SPP.ORG.

i. **2014 Communication and Registration** – the 2014 calendar will be posted on SPP.ORG on 11/4/2013 and an email notification will be sent regarding the registration opening date to all LMS registrants. Open registration will begin for the 2014 training year on Wednesday 11/13/2013 at 8:00 a.m. CST

j. **October Meeting on Columbus Day** – Denney Fales mentioned that the OTWG meeting on October 14th falls on Columbus Day and KCPL and other entities will be closed for the holiday. Leslie Sink stated that there is a face-to-face on 10/24 and that may suffice for the October meeting deliverables. The October 14th meeting will be cancelled.

k. **Nominations** – Voting for Ricky Smith and Michael Gaunder was completed. They were accepted for recommendation for OTWG membership. Leslie Sink will send the recommendation for approval to Nick Brown.

**Agenda Item 11: Summary of new Action Items**

1. PJ will continue to monitor and test the Virtual Machines with members – he will be emailing the membership training session dates and times
2. PJ will continue to monitor the 64 bit issues with Juniper and accessing the VPN
3. John Gunter will be working with Tara Smith and the SOC hosts for 2014 to begin securing location, food and sleeping rooms for the 2014 SOCS
4. Leslie Sink and Margaret Adams will worked together to identify a possible process for JTA check-offs for members during REOPS in Little Rock – only under certain circumstances
5. Jennifer Farley will be placing all of the 2014 Train the Trainer information on the calendar.
6. The block calendar will be created. Both calendars will be communicated to the OTWG and then posted on SPP.ORG
7. Leslie Sink will amend the OTWG Charter with the Bylaws verbiage regarding proxies and attendance.
8. Leslie Sink will send to Nick Brown the recommendation for membership of Ricky Smith and Michael Gaunder.
9. Leslie Sink will cancel the 10/14/13 OTWG meeting and send out appropriate communications.
