RE: *Southwest Power Pool, Inc.*, Docket No. ER10-_____
Submission of Network Integration Transmission Service Agreements

Dear Secretary Bose:

Pursuant to section 205 of the Federal Power Act, 16 U.S.C. § 824d, and section 35.13 of the Federal Energy Regulatory Commission's ("Commission") regulations, 18 C.F.R. § 35.13, Southwest Power Pool, Inc. ("SPP") submits an executed Service Agreement for Network Integration Transmission Service ("Service Agreement") between SPP as Transmission Provider and Nemaha Marshall Electric Cooperative ("Nemaha") as Network Customer ("Nemaha Service Agreement"), and an executed Network Operating Agreement ("NOA") between SPP as Transmission Provider, Nemaha as Network Customer, and Westar Energy, Inc. ("Westar") as Host Transmission Owner ("Nemaha NOA").¹ SPP is submitting this filing because the Nemaha Agreements include terms and conditions that do not conform to the standard forms of service agreements that are in SPP's Open Access Transmission Tariff ("SPP Tariff").²

Description and Justification for the Nemaha Agreements

The Nemaha Agreements, which are attached to this filing as Exhibit I, conform to the *pro forma* Agreements except for the non-conforming changes described below.³

¹ The Nemaha Service Agreement and Nemaha NOA are referred to collectively as the "Nemaha Agreements," and SPP, Nemaha, and Westar are referred to collectively as "the Parties." The Nemaha Agreements have been designated as Original Service Agreement No. 1977.

² See SPP Tariff at Attachment F ("*pro forma* Service Agreement") and Attachment G ("*pro forma* NOA"), collectively "*the pro forma* Agreements."

³ Redlined pages illustrating the differences between the Nemaha Agreements submitted in this filing and the *pro forma* Agreements are included herein as Exhibit II.

The non-conforming changes have been made with Nemaha's consent and are necessary to help facilitate its requests for transmission service.

Specifically, the Parties revised Section 2.0 of Attachment 1 to the Nemaha Service Agreement and Section 3.3 of the Nemaha NOA to accommodate a new Appendix 3. Appendix 3 is an additional new non-conforming appendix which specifies the delivery points for the relevant network load. Language also has been removed from Section 2.0 that indicates the Network Customer's delivery points being "as metered at its generation and transmission interconnection points." The Parties removed this language because Nemaha's network loads will be metered at Nemaha's specified delivery points, not the network facility generation or transmission interconnection points. The Commission has accepted other non-conforming service agreements submitted by SPP with revisions similar to the revisions in Section 2.0 of Attachment 1 to the Nemaha Service Agreement and Section 3.3 of the Nemaha NOA, as well as the addition of an Appendix 3 detailing delivery points.⁴

In addition, Section 8.4.1 of Attachment 1 to the Nemaha Service Agreement contains language allowing the customer to "contract with third parties for self-supplied Ancillary Services as appropriate."⁵ This language is consistent with the ancillary service schedules of the SPP Tariff, which permit customers to self-supply certain ancillary services.⁶ The Commission has previously accepted SPP service agreements with similar language.⁷

Further, Section 8.8 of Attachment 1 of the Nemaha Service Agreement contains language specifying that the cost support and monthly charges for Wholesale Distribution Service Charges are detailed in a new, non-conforming Appendix 4 to the Nemaha Service Agreement. The inclusion of the cost support and monthly charges for Wholesale Distribution Service Charges is consistent with Schedule 10 of the SPP Tariff which requires all rates and charges for Wholesale Distribution Charges to be filed with

⁴ See *Sw. Power Pool, Inc.*, Letter Order, Docket No. ER09-1665-000 (Oct. 22, 2009); *Sw. Power Pool, Inc.*, Letter Order, Docket No. ER09-1558-000 (Sept. 30, 2009); *Sw. Power Pool, Inc.*, Letter Order, Docket Nos. ER09-1070-000, *et al.* (June 25, 2009).

⁵ See Nemaha Service Agreement at Attachment 1, § 8.4.1.

⁶ See SPP Tariff at Schedules 3, 5-6.

⁷ See *Sw. Power Pool, Inc.*, Letter Order, Docket No. ER09-1665-000 (Oct. 22, 2009); *Sw. Power Pool, Inc.*, Letter Order, Docket No. ER08-903-000 (May 30, 2008).

the Commission.⁸ The Commission previously has accepted other non-conforming service agreements submitted by SPP that contained similar language pertaining to Wholesale Distribution Service Charges, including the addition of a new Appendix detailing Wholesale Distribution Service Charges.⁹

Finally, the Preamble of the Nemaha NOA contains language indicating that SPP, Nemaha, and Westar will be referred to throughout the Nemaha NOA individually as “Party” and collectively as “Parties.” This revision ensures consistency with the preamble of the Nemaha Service Agreement, and the Commission previously has accepted other SPP service agreements with similar revisions.¹⁰

These modifications clarify certain terms and conditions regarding the provision of network service to Nemaha, and are necessitated by the unique circumstances of Nemaha’s service requests. As such, this filing is consistent with the public interest and warrants acceptance by the Commission.

⁸ See SPP Tariff at Schedule 10 (“All rates and charges for Wholesale Distribution Service shall be on file with the appropriate agency as required by law or regulation. To the extent that a Service Agreement containing provisions for Wholesale Distribution Service is required to be filed with the Commission, the Transmission Provider, in consultation with the appropriate Transmission Owner, shall provide along with the filing, adequate cost support to justify the customer-specific rates and charges being assessed thereunder.”).

⁹ See *Sw. Power Pool, Inc.*, Letter Order, Docket No. ER09-208-000 (Dec. 17, 2008).

¹⁰ See *Sw. Power Pool, Inc.*, Letter Order, Docket Nos. ER09-355-000 and -001 (Feb. 11, 2009). The Nemaha Agreements also have been revised to correct punctuation and to capitalize certain words throughout. The Commission has accepted similar revisions in previous service agreements and NOAs submitted by SPP. See, e.g., *Sw. Power Pool, Inc.*, Letter Order, Docket No. ER09-1665-000 (Oct. 22, 2009); *Sw. Power Pool, Inc.*, Letter Order, Docket Nos. ER09-1070-000, *et al.* (June 25, 2009).

Effective Date and Waiver

SPP requests an effective date of February 1, 2010 for the Nemaha Agreements. Pursuant to section 35.11 of the Commission's rules and regulations, 18 C.F.R. § 35.11, SPP requests a waiver of the Commission's 60-day notice requirement set forth at 18 C.F.R. § 35.3. Waiver is appropriate because the Nemaha Agreements are being filed within 30 days of the commencement of service.¹¹
