Membership also is open to any entity eligible to take service under the SPP OATT. These entities desire the greater efficiency and service reliability gained through better coordination by voluntary association in SPP as constituted herein and in the SPP Articles of Incorporation. Members recognize that such association has a significant effect upon the availability and reliability of the bulk electric power supply of the region, and thereby affects the reliability of the nation's electric power supply.
2.2 Applications

Membership by an entity shall be obtained upon meeting the following requirements:

(a) Meeting membership qualifications;
(b) Providing an application for membership to the SPP President; and
(c) Executing the Membership Agreement and delivering a signed copy to the President.

The President shall review applications, approve those meeting membership qualifications and promptly give written notice of the new Member to all other Members. The Board of Directors will review any disputes arising as to the qualifications of the new Member. Membership will commence at the beginning of the next calendar month following completion of these requirements or some other date as may be mutually agreed upon.
2.3 Member Responsibilities and Obligations

Members recognize that SPP exists and operates for the benefit of the bulk electric transmission system and to ensure the reliability of the nation’s power supply. As such, Members are required to act to further these goals by participating in projects, and complying with regulatory requirements. 3.0 Organizational Administration
3.1 **Structure**

Member input on decision-making shall be accomplished primarily through Membership participation in Organizational Groups. Members are expected to provide representation to Organizational Groups as requested. Unless otherwise provided in these Bylaws, Organizational Group representation will be appointed by the Board of Directors, who shall consider the various types and expertise of Members and their geographic locations, to achieve a widespread and effective representation of the Membership. Organizational Group representation will be reviewed annually for compliance with the Bylaws by the Corporate Governance Committee. The Chair of any Organizational Group may appoint any ad hoc task forces as necessary to fulfill its mission. Task force appointments shall be made with due consideration of the various types and expertise of Members and their geographic locations. Criteria for serving on an Organizational Group will be determined in the group’s scope. Except for any full representation group, an appointment to an Organizational Group is for an individual, not a corporate entity. Participation in certain sessions of Organizational Group meetings where market sensitive issues are discussed may be restricted to persons representing entities that have executed ERO’s Confidentiality Agreement. Representatives on all Organizational Groups will be documented in the SPP directory maintained by Staff. Organizational Group vacancies will be filled on an interim basis by appointment of the President unless otherwise provided for in these Bylaws.
3.2 Attendance and Proxy

Except for the Markets and Operations Policy Committee (MOPC), if a representative does not attend three consecutive Organizational Group meetings, he/she will be considered to have resigned from the group, absent express waiver of this requirement by the chair of the group. Any appeal of removal from the roster of an Organizational Group should be directed to the Corporate Secretary. Any resulting vacancy will be filled in accordance with Section 3.1 Structure of these Bylaws. If a representative is unable to attend an Organizational Group meeting, he/she may in writing appoint a substitute representative who shall have such rights to participate and vote as the representative specifies. The substitute representative must be another member of the Organizational Group or another person who has the authority to act on behalf of the representative, and must not act as a proxy for more than four members per meeting. A representative must not grant a proxy for more than three consecutive meetings without the express consent of the chair of the Organizational Group. If a representative exceeds the proxy limit, he/she will be considered to have resigned from the Organizational Group and the vacancy will be filled in accordance with these Bylaws; except, in the case of any full representation Organizational Group, in which case a new representative will be solicited from the member company.

A proxy provided to another representative of the Organizational Group will not be recorded as attendance at the meeting and will not serve to meet or maintain the quorum requirements. A proxy provided to another person with the authority to act on behalf of the representative will be recorded as attendance at a meeting for the purpose of meeting or maintaining the quorum requirements.
3.3 Leadership

3.3.1 Appointment

The Chair of all Organizational Groups shall be nominated by the Corporate Governance Committee for consideration and appointment by the Board of Directors. A Vice Chair shall be elected by the members of an Organizational Group, unless provided otherwise in these Bylaws. A Vice Chair shall act for a Chair:

(a) at the request of the Chair;
(b) if the Chair becomes incapacitated and unable to discharge the functions of the position; or
(c) if the position of the Chair becomes vacant, until a new Chair takes office.

3.3.2 Terms

The Chair and Vice Chair of all Organizational Groups reporting to the MOPC shall serve two-year terms, with half of such terms expiring in even years and the remainder in odd years, as determined by the Corporate Governance Committee.

3.3.3 Vacancies

Should any individual having been appointed as a Chair of any Organizational Group be unable to serve for the term specified, a replacement shall be appointed by the Chair of the Board of Directors for the unexpired term of office.
3.4 Executive Authority

The Officers shall carry out the rights, duties, and obligations of SPP pursuant to the authority granted by the Board of Directors. Officers will execute the SPP Standards of Conduct upon employment. The Standards of Conduct outline the independence requirements for all employees of SPP. The Officers shall be empowered to:

(a) employ qualified technical and administrative employees;
(b) engage office space;
(c) employ outside technical and special service organizations;
(d) execute contracts;
(e) provide for independent regional reliability coordination, transmission service administration, and other services as may be directed by the Board of Directors;
(f) serve as SPP’s representative before regulatory bodies, NERC, and in other public forums;
(g) incur reasonable expenses; and
(h) make Staff resources available to individual Members or groups of Members on a non-firm, non-priority, first-come-first-serve basis so as not to interfere with current or future needs and priorities established by SPP.
3.5 Meetings

Organizational Groups shall meet as necessary. SPP meetings shall be open, however, any Organizational Group may limit attendance at a meeting by an affirmative vote of the Organizational Group as necessary to safeguard confidentiality of sensitive information, including but not limited to Order 889 Code of Conduct requirements, personnel, financial, or legal matters. Unless otherwise agreed to by the Organizational Group, representatives shall be given at least fifteen business days’ written notice of the date, time, place and purpose of each regular or special meeting. Telephone or web conference meetings may be called as appropriate by the Chair of any Organizational Group with at least one business day’s prior notice. For purposes of this Section 3.5, a Federal holiday is not a business day.
3.6 Order of Business

The latest edition of Robert's Rules of Order will generally govern all SPP meetings on any point not specifically covered in these Bylaws.
3.7 Expenses

The expenses of a representative participating in the activities of SPP Organizational Groups and task forces shall be borne by that representative.
3.8 Quorum

The quorum for a meeting of the Markets and Operations Policy Committee or the Membership shall be those Members participating, whether in person or remotely by telephone, web conference, or similar technology, or represented by proxy. The quorum for any other Organizational Group or task force shall be one-half of the representatives thereof, but not less than three representatives; provided, that a lesser number may adjourn the meeting to a later time. The quorum for a meeting must be established and maintained throughout the meeting in order for the Organizational Group to take any binding action(s). Notwithstanding the above, any actions taken before a quorum is lost are considered valid and binding.
3.9 Voting

3.9.1 Markets and Operations Policy Committee and Membership

Upon joining, Members shall be assigned to one of two Membership sectors for the sole purpose of voting on matters before the Markets and Operations Policy Committee or the Membership: Transmission Owning Members, or Transmission Using Members. Each sector votes separately with the result for that sector being a percent of approving votes to the total number of Members voting. An action is approved if the average of these two percentages is at least 66%. If no Members are participating within a sector, the single participating sector-voting ratio will determine approval. Unless otherwise stated in these Bylaws, the Markets and Operations Policy Committee or the Membership may determine to vote on an issue by email. The outcome of any email vote must be recorded in the minutes for the group.

3.9.2 Organizational Groups and Task Forces

Each representative of an Organizational Group or task force shall have one vote. A simple majority of participants, whether participating in person or remotely by telephone, web conference, or similar technology, or represented by proxy and voting shall be required for approval of an action for all other Organizational Group and task force action(s). Unless otherwise stated in these Bylaws, an Organizational Group or task force may determine to vote on an issue by email. The outcome of any email vote must be recorded in the minutes for the group.
3.10 Appeal

Should any Member or group of Members disagree on an action taken or recommended by any Organizational Group, such Member(s) may, upon written request to the Corporate Secretary, appeal and submit an alternate recommendation to the Board of Directors prior to the next regularly scheduled Board of Directors meeting following such Organizational Group action or inaction.
3.11 **Staff Independence and Support**

Employees shall not be an employee, director, consultant or contractor of, and shall have no interest in any Third Party, or any of its Affiliates, which shall be deemed to include ownership (outside of a mutual fund, blind trust, or similar arrangement as permitted herein) by an employee or his/her immediate family members of Prohibited Securities.

For purposes of this section:

“Affiliates” include any two or more entities of which one controls the other or they are under common control. “Control” shall mean the possession, directly or indirectly, of the power to direct the management or policies of an entity. Ownership of publicly-traded equity securities of another entity shall not result in control or affiliation for purposes of these standards if the securities are held as an investment, the holder owns (in its name or via intermediaries) less than 10% of the outstanding securities of the entity, the holder does not have representation on the entity's board of directors (or equivalent managing entity) or vice versa, and the holder does not in fact exercise influence over day-to-day management decisions. Unless the contrary is demonstrated to the satisfaction of the Corporate Governance Committee, control shall be presumed to arise from the ownership of or the power to vote, directly or indirectly, 10% or more of the voting securities of such entity.

“Immediate family members” include spouses, minor children, or any person for whom the employee has power of attorney or guardianship rights.

“Prohibited Securities” include the securities of a Third Party that has been engaged or qualified to engage in activities or transactions under the SPP OATT in the previous 12 months or the securities of its Affiliates, if:

(a) the primary business purpose of the Third Party, or its Affiliates, is to buy, sell or schedule energy, power, capacity, ancillary services or transmission services as indicated by an industry code within the “Electric Power Generation, Transmission, and Distribution” industry group under the North American Industry Classification System (NAICS) or otherwise determined by SPP;
(b) the Third Party has been pre-qualified as eligible to be a Qualified RFP Participant pursuant to Attachment Y to the SPP OATT;

c) the total (gross) financial settlements regarding the use of transmission capacity of the Transmission System and/or transactions in the centralized markets that SPP administers under the SPP OATT for all Third Parties affiliated with the publicly-traded entity at issue during its most recently completed fiscal year is equal to or greater than 0.5% of its gross revenues for the same time period; or

d) the total (gross) financial settlements regarding the use of transmission capacity of the Transmission System and/or transactions in the centralized markets that SPP administers under the SPP OATT for all Third Parties affiliated with the publicly-traded entity at issue during the prior calendar year is equal to or greater than 3% of the total transactions for which the Integrated Marketplace Counterparty is a counterparty pursuant to Attachment AE to the SPP OATT for the same time period.

“Securities” shall mean negotiable or non-negotiable investment of financing instruments that can be sold and bought. Securities include bonds, stocks, debentures, notes, and options.

“Third Party” shall mean a Member; a customer of services provided by SPP under the SPP OATT or any other tariff that SPP administers; an entity for which SPP provides services under contract, including, but not limited to, tariff administration services; or an entity that has been pre-qualified as eligible to be a Qualified RFP Participant pursuant to Attachment Y to the SPP OATT.

If an SPP employee owns Prohibited Securities, he/she must dispose of them within six months of:

(a) the commencement of employment at SPP;

(b) notification of a new Third Party conducting business with SPP; or

(c) the date of receipt of a gift or inheritance or other taking of legal control of those Prohibited Securities.

SPP employees may indirectly own publicly-traded Prohibited Securities through a mutual fund, blind trust, or similar arrangement under which the SPP employee does not control the purchase or sale of such Prohibited Securities, except for any fund or
arrangement specifically targeted towards the electric utility industry, or any segments thereof.

SPP will maintain a listing of Third Party entities and publicly-traded Prohibited Securities for SPP employees’ reference.

Staff members will be required to execute the SPP Standards of Conduct upon employment and annually thereafter. The Standards of Conduct outline the independence requirements for employees of SPP. The President shall assign to each Organizational Group a Staff member, who shall attend all meetings and act as secretary to the Organizational Group and any ad hoc task forces of that group. Staff secretaries of all Organizational Groups and task forces shall be non-voting. Minutes shall be kept of pertinent discussion, business transacted, decisions reached, and actions taken at each meeting of SPP Organizational Groups or task forces by the secretary. Minutes shall be published within seven calendar days following a meeting but in any event in advance of the next meeting, and considered final documents upon their approval by the Organizational Group or task force.
3.12 Publications and Databases

SPP shall publish and distribute reports as necessary to fulfill the SPP mission. SPP shall also develop and maintain electronic databases of relevant technical information. The release of member-specific proprietary information will be governed by the appropriate SPP governing document (the OATT, the Membership Agreement, the Bylaws, the SPP Criteria) and/or a properly executed confidentiality agreement. Standard publications and standard forms of non-proprietary information will be made available at no charge.
3.13 Dispute Resolution

These procedures are established for the equitable, efficient and expeditious resolution of disputes. These procedures are intended to cover disputes between any two or more Members, between Members and consenting non-members, or between SPP and any Member(s) or consenting non-member(s). SPP and Members are strongly encouraged to take part in the complete process herein described prior to litigation or the utilization of other dispute resolution processes. SPP administrative involvement in the proceeding is to coordinate with an appropriate firm or panel to facilitate the resolution of the dispute and to provide meeting coordination and facilities. These procedures do not apply to disputes that are covered by the dispute resolution procedures of the SPP OATT.

3.13.1 Instigation

Any Member may begin these dispute resolution procedures by making a request in writing to the President. The President will inform the Board of Directors of the initiation of any dispute resolution proceedings. This written request must contain the authorized signatures of all parties to the dispute. The request must contain:

(a) a statement of the issues in dispute;
(b) the positions of each of the parties relating to each of the issues;
(c) the specific dispute resolution procedure desired; and
(d) any agreed-upon modifications or specific additions to the proceedings described in these Bylaws by which the dispute may be resolved.

3.13.2 Dispute Resolution Process

In the event SPP is a party to the dispute, the parties shall engage a firm specializing in alternative dispute resolution to administer the dispute resolution process. The firm will be mutually determined by the parties and the process will be administered in accordance with these Bylaws and such other SPP governing documents as may be relevant to the proceeding. In the event the parties cannot mutually agree to the engagement of a firm, the dispute resolution process will be abandoned and other available means for resolution will be pursued.
In the event SPP is not a party to the dispute, the parties to the dispute may engage a firm specializing in alternative dispute resolution to administer the dispute resolution process. The firm will be mutually determined by the parties and the process will be administered in accordance with these Bylaws and such other SPP governing documents as may be relevant to the proceeding. In the event the parties cannot mutually agree to the engagement of a firm, and do not determine some other mutually acceptable procedure, the President of SPP shall provide to each party to the dispute a list of candidates to be used in forming a three-person dispute resolution panel. The candidates shall be persons meeting the requirements for directors. The President shall then call a telephone or web conference meeting during which each party shall alternate striking names from the list until those remaining constitute the dispute resolution panel. This panel shall select a chair from its membership. Should any candidate decline to serve or resign from a current appointment for any reason, the candidate whose name was last struck from the list shall be contacted to serve. The President shall assign a Staff representative to assist the panel as secretary. The President shall manage the panel selection process to ensure its timely completion.

3.13.3 Dispute Resolution Procedures

The types of proceedings available for the resolution of disputes are:

(a) An advisory proceeding to assist each party through discussion and advice, on a separate and individual basis without active participation in the joint discussions and negotiations, to resolve the dispute informally by mutual agreement;

(b) A mediation proceeding to assist the parties through active participation in the joint discussions and negotiations (including specific recommendations of the issues in dispute) through which the parties indirectly attempt to resolve the dispute informally by mutual agreement;

(c) A non-binding dispute resolution proceeding to hear formal evidence on factual matters related to the issues submitted, make written findings and conclusions of fact, and issue specific written recommendations for resolution of each issue in dispute.
(d) A binding dispute resolution proceeding to hear formal evidence on factual matters related to the issues submitted, make written findings and conclusions of fact, and issue directives and awards for resolution of each issue in dispute.

The panel chair shall determine meeting arrangements and format necessary to efficiently expedite the resolution of the dispute, and the Staff secretary shall notify the parties of these details. Each party to the dispute must have at least one representative participating at all related meetings with full authority to resolve the dispute. Upon conclusion of this process, the panel chair shall notify the President of its outcome. After consultation with the parties to the dispute and the panel chair to determine the completion of the process as described herein, and/or as modified by the parties, the President shall discharge the panel, and notify the Board of Directors of the results. The parties to the dispute agree to complete the process within ninety calendar days from selection of the panel. Final determinations may be subject to corporate or regulatory approvals, which the parties should disclose at the outset of the process. The Staff secretary shall maintain minutes of the panel meetings, which shall become part of SPP’s historical records.

3.13.4 Expenses

The parties to the dispute shall share equally all reasonable charges for the meeting location, administrative costs, and related travel expenses of panel members. The parties to the dispute shall also share equally all reasonable compensation for time and service of panel members and related incremental expenses of the Staff. The President shall determine reasonableness of time and service costs for panel members prior to process implementation. The Staff secretary shall account for these expenses. Each party to the dispute shall be responsible for their respective associated expenses.

3.13.5 Liability

The parties to any dispute which is the subject of these dispute resolution procedures shall hold harmless SPP, its Members, Organizational Groups and each of their directors, officers, agents, employees or other representatives, and
the panel members from any liabilities, claims, or damages resulting from any agreement or lack of agreement as a result of the dispute resolution proceedings. The foregoing hold harmless right shall not be extended to the parties to any given dispute or to their directors, officers, agents, employees or other representatives.
3.14 Meeting of Members

The Chair of the Board of Directors shall convene and preside over meetings of Members for the purpose of electing directors and Members Committee representatives to positions becoming vacant in the ensuing year, and any other necessary business. The Membership shall meet at least once per calendar year.
3.15 Liability, Insurance and Indemnification

For purposes of this section “SPP” refers to SPP and its officers, directors, employees or agents, and “Member” refers to the Members of SPP as defined in these Bylaws. None of the provisions of this section, including the waiver of liability in Section 3.15.1 below, absolving SPP or its Members, directors, officers, agents, employees or other representatives of liability or any provisions for insurance or indemnification apply to actions which are unlawful, undertaken in bad faith, or are the result of gross negligence or willful misconduct.

3.15.1 Waiver of Liability

(a) SPP shall not be liable to any Member for damages arising out of or related to any directive, order, procedure, action, or requirement of SPP, under the then effective Bylaws and Criteria.

(b) No Member shall be liable to any other Member or to SPP for damages arising out of or related to any action by the Member pursuant to any directive, order, procedure, action or requirement of SPP, under the then effective Bylaws and Criteria.

(c) Each Member waives any future claim it might have against SPP or other Members arising out of or resulting from any directive, order, procedure, action or requirement of SPP, under the then effective Bylaws and Criteria.

(d) SPP waives any future claim it might have against any Member arising out of or resulting from any actions taken by a Member pursuant to any directive, order, procedure, action or requirement of SPP, under the then effective Bylaws and Criteria.

3.15.2 Insurance

The President is authorized to procure insurance to protect SPP, its directors, officers, agents, employees, or other representatives against damages arising out of or related to any directive, order, procedure, action or requirement of SPP, under the then effective Bylaws and Criteria or pursuant to the OATT.
3.15.3 Indemnification of Directors, Officers, Agents and Employees

Except for actions which are unlawful, undertaken in bad faith, or are the result of gross negligence or willful misconduct, SPP shall indemnify its directors, officers, agents, employees, or other representatives to the maximum extent allowed by law consistent with these Bylaws. Each director, officer, agent, employee, or other representative of SPP shall be indemnified by SPP against all judgments, penalties, fines, settlements, and reasonable expenses, including legal fees, incurred as a result of, or in connection with, any threatened, pending or completed civil, criminal, administrative, or investigative proceedings to which the incumbent may be made a party by reason of acting or having acted in official capacity as a director, officer, agent, employee, or representative of SPP, or in any other capacity which the incumbent may hold at the request of SPP, as its representative in any other organization, subject to the following conditions:

(a) Such director, officer, agent, employee, or other representative must have acted in good faith and, in the case of criminal proceedings, must have had no reasonable cause to believe that conduct was unlawful; provided, that SPP shall not provide indemnification of any conduct judged unlawful in criminal proceedings. When acting in official capacity, the incumbent must have reasonably believed that conduct was in the best interests of SPP, and, when acting in any other capacity, must have reasonably believed that conduct was at least not opposed to the best interests of SPP.

(b) If the proceeding was brought by or on behalf of SPP, however, indemnification shall be made only with respect to reasonable expenses referenced above. No indemnification of any kind shall be made in any such proceeding in which the director, officer, agent, employee, or other representative shall have been adjudged liable to SPP.

(c) In no event, however, will indemnification be made with respect to any described proceeding which charges or alleges improper
personal benefit to a director, officer, agent, employee, or other representative and where liability is imposed on the basis of the receipt of such improper personal benefit.

8.4 Monthly Assessments

SPP will assess certain Members described herein on a monthly basis all costs not otherwise collected. Costs recovered under the assessment will include but are not limited to all operating costs, financing costs, debt repayment, and capital expenditures associated with the performance of SPP’s functions as assigned by the Board of Directors. Significant among these are costs associated with regional reliability coordination and the provision of transmission service. SPP shall determine the assessment rate based on its annual budgeted net expenditures divided by estimated annual Schedule 1 billing units for service sold under SPP’s OATT and Member load eligible to take, but not taking, Network Integration Transmission Service under SPP’s OATT. The Board of Directors may review the assumptions used in determining the assessment rate at any time and may adjust the assessment rate appropriately should conditions warrant. The monthly assessment shall be assessed on each Member for the portion of their Member load eligible for service but not currently taking Network Integration Transmission Service or Point-To-Point Transmission Service under the SPP OATT. The intent is that each Member be obligated to pay, at a minimum, the amount due under its monthly assessment as calculated above. This amount shall be paid through the monthly assessment and/or Schedule 1-A.
8.5 Fiscal Agent

The President shall serve as the fiscal agent of SPP. The President shall keep an up-to-date record of receipts and disbursements and furnish reports to the Board of Directors and the Finance Committee.
8.6 Auditors

The Board of Directors shall annually engage an independent certified public accounting firm to perform an annual audit of SPP’s financial records and prepare a report on the financial condition of SPP. The Finance Committee shall present the audit report to the Board of Directors upon completion.
8.7 Financial Obligation of Withdrawing Members

8.7.1 Existing Obligations

“Existing Obligations” shall be defined in accordance with Section 4.3.2 of the Membership Agreement.

8.7.2 Computation of a Transmission Owner Member’s Existing Obligations

For purposes of computing the Existing Obligations of any withdrawing or terminated Transmission Owner Member in accordance with Sections 4.3.2(b)-(f) of the Membership Agreement, such “Member’s share” is a percentage calculated as follows:

\[ A = 100 \left[ 0.25(1/N) + 0.75(B/C) \right] \]

Where:

- **A** = Member’s share (expressed as a percentage)
- **N** = Total number of Transmission Owner Members that are subject to Sections 4.3.2(b)-(f) of the Membership Agreement
- **B** = The previous year Net Energy for Load connected to transmission facilities of Transmission Owner Member, including any such load of other load serving entities
- **C** = Total of factor B for all Transmission Owner Members that are subject to Sections 4.3.2(b)-(f) of the Membership Agreement

The Finance Committee shall have the discretion to reduce the Existing Obligations of any withdrawing or Terminated Member or of any Member submitting a notification of Partial Termination pursuant to Section 4.2.1(c) of the Membership Agreement, to reflect any SPP costs or expenses that may be mitigated in connection with such Member’s withdrawal, termination, or Partial Termination. In the event of consolidation of affiliate memberships or the transfer of membership from one corporate entity to another, whereby one entity remains a member of SPP, the withdrawal obligation for the departing company(ies) may be waived at SPP’s sole discretion.

8.7.3 Financial Obligations for Transmission Facilities
To the extent that Section 4.3.3A of the Membership Agreement is applicable, a Terminated Member and a Member submitting a notice of Partial Termination pursuant to Section 4.2.1(c) of the Membership Agreement shall remain financially responsible for all financial obligations incurred and costs allocated to its load for transmission facilities approved prior to the Termination Date.

8.7.4 Penalty Costs

A Terminated Member and a Member submitting a notice of Partial Termination pursuant to Section 4.2.1(c) of the Membership Agreement shall remain liable for its share of costs associated with penalties assessed against SPP by FERC, the FERC-approved Electric Reliability Organization, any Electric Reliability Organization-approved Regional Entity, or any other governmental or regulatory authority with jurisdiction over SPP that SPP incurs as a result of events that occurred prior to Member’s Termination Date but that SPP is unable to recover under the SPP OATT.

8.7.5 Limitation on Financial and Penalty Obligations

(a) Notwithstanding the delineation of Members’ financial obligations in Section 8.7, a Federal Power Marketing Agency shall not be subject to the financial obligations listed in this Section 8.7 in the event FERC finds that SPP has not adhered to all of the Federal Power Marketing Agency Amendments as that term is defined in Section 1.0 of these Bylaws or if SPP files and FERC approves material changes to the Federal Power Marketing Agency Amendments.

(b) Provided further, notwithstanding any language to the contrary in these Bylaws, a Federal Power Marketing Agency has not waived or conceded any defense it may have, including sovereign immunity, intergovernmental immunity, or lack of subject matter jurisdiction in any action against it by an Enforcement Authority, nor has it accepted any liability, responsibility, or obligation to pay any civil monetary penalties or fines imposed by an Enforcement Authority to which it would not have been subject in the absence of these Bylaws. SPP, in accepting Western-
UGP as a member, does not thereby concede or accept responsibility for any portion of a penalty or fine attributable to the actions or omissions of Western-UGP. SPP will identify the amount of any penalty or fine that SPP allocates to Western-UGP or that SPP determines is attributable to Western-UGP and will identify that amount to FERC as uncollectable and not otherwise owed by SPP. Enforcement Authority in these Bylaws means the Federal Energy Regulatory Commission (FERC), Electric Reliability Organization (ERO), or Regional Entities with enforcement authority pursuant to a delegation from an ERO or FERC for the purpose of proposing and enforcing reliability standards.

Except for modifications to Section 4.0 BOARD OF DIRECTORS, Section 5.0 COMMITTEES ADVISING THE BOARD OF DIRECTORS, Section 8.7.5 LIMITATION ON FINANCIAL AND PENALTY OBLIGATIONS, and Section 10.0 AMENDMENTS, these Bylaws may be amended, repealed, or added to by the Board of Directors only upon thirty calendar days written notice to the Membership of the proposed modification(s). Approval of amendments to the Bylaws by the Board of Directors must be by an affirmative vote of a majority plus one of directors. Sections 4.0, 5.0, 8.7.5, and 10.0 of these Bylaws and the Articles of Incorporation may be amended, repealed, or added to only by approval of the Membership. Provided, that all changes to Federal Power Marketing Agency representation in Section 5.1.1 and any change to Section 8.7.5 must be mutually agreed to by the Federal Power Marketing Agency Member(s) and SPP. All amendments are subject to the requisite regulatory approval(s).
11.0 Effective Date and Transition Provisions

These Bylaws shall become effective the day following acceptance at FERC and remain in force thereafter as may be amended. These Bylaws hereby cancel and supersede SPP Bylaws; provided, that these Bylaws do not relieve any Member from any financial obligation incurred thereunder. Binding obligations entered into by authority of Officers or the Board of Directors under these Bylaws are hereby assumed and confirmed as obligations of SPP under these Bylaws.

(b) SPP shall function in accordance with Good Utility Practice and shall conform to applicable reliability criteria, policies, standards, rules, regulations, guidelines and other requirements of SPP and NERC, Transmission Owner’s specific reliability requirements and operating guidelines (to the extent these are not inconsistent with other requirements specified in this paragraph), and all applicable requirements of Federal and state regulatory authorities.

(c) SPP shall maintain a publicly available registry of all facilities that are not classified as critical energy infrastructure information that constitute the Electric Transmission System.

(d) SPP shall review and approve, as appropriate, requests for service, schedule transmission transactions, and determine available transfer capability under the OATT, provided that SPP shall coordinate with the Transmission Owner when processing requests for service involving its Tariff Facilities.

(e) SPP shall be responsible for coordinating with neighboring regional organizations and/or non-member transmission owners or providers as appropriate.

(f) SPP shall not exercise its administration of transmission service over the Tariff Facilities in such a way as to interfere with contracts between Transmission Owner and any Transmission Customer that are in effect as of the Effective Date of this Agreement except as permitted by the OATT.

(g) SPP shall be responsible for documenting all transmission service requests, the disposition of such requests, and any supporting data required to support the decision with respect to such requests. SPP
shall negotiate as appropriate to develop reciprocal service, equitable tariff application, compensation principles, and any related arrangements.

(h) SPP shall propose and file with FERC pursuant to Section 205 of the Federal Power Act modifications to the OATT and make any other necessary filings subject to approval by the Board of Directors.

(i) SPP shall develop penalties and incentives, subject to FERC filings where appropriate.

(l) SPP shall take any actions necessary for it to carry out its duties and responsibilities, subject to receiving any necessary regulatory approvals and any necessary approvals from the Board of Directors.

2.1.2 Reliability

SPP shall have responsibility for reliability of the Electric Transmission System in connection with its rights, powers, and obligations under this Agreement. SPP shall act as the Reliability Coordinator of the Electric Transmission System, and as such, shall have reliability monitoring and emergency response responsibilities pursuant to related SPP Criteria and the following requirements:

(a) SPP shall monitor real-time data to determine whether any control areas are experiencing generation capacity deficiencies. If a
generation capacity deficiency event threatens the security of the Electric Transmission System, SPP is authorized to and shall direct the acquisition of generation capacity and, if that direction is not satisfied, is authorized to and shall direct the shedding of firm load in the deficient control area.

(b) SPP shall work with other reliability coordinators and non-member transmission owners or providers to develop regional reliability plans and emergency operating procedures.

(c) SPP shall maintain emergency response procedures for responding to specified critical contingencies and shall continuously analyze issues that may require the initiation of such actions.

2.1.3 Transmission Maintenance

SPP is required to approve all planned maintenance of the Electric Transmission System consistent with the following requirements:
(a) SPP shall review planned transmission maintenance schedules submitted by Transmission Owner for a minimum of a rolling one-year period. These planned maintenance schedules shall be updated daily. Planned transmission maintenance requests shall be submitted to SPP at least one week in advance of an outage.

(b) SPP shall analyze a planned transmission maintenance request to determine its effect on available transfer capability, ancillary services, the reliability of the Electric Transmission System, and any other relevant effects. Within two business days of receiving a planned maintenance request, SPP shall provide a response. If SPP’s response indicates that such planned transmission maintenance will have an adverse impact, Transmission Owner shall work with SPP to minimize the impact of such planned maintenance, up to and including re-scheduling the maintenance.

(c) SPP shall notify Transmission Owner of the need to change previously reviewed planned transmission maintenance outages if forced transmission outages or other circumstances compromise the integrity or reliability of the Electric Transmission System. If Transmission Owner is fully compensated for any additional costs resulting from any changes in maintenance schedules as provided in an applicable rate schedule, Transmission Owner shall revise maintenance outages to address such emergency circumstances.

(d) As part of its review process, SPP shall identify planned transmission maintenance schedules that limit available transfer capability. If requested by a Transmission Customer, SPP shall identify opportunities and associated costs for rescheduling planned maintenance to enhance available transfer capability. Transmission Owner shall be compensated for the additional costs of rescheduled maintenance as provided in the SPP OATT.
(e) SPP shall be responsible for documenting all planned transmission maintenance requests, the disposition of those requests, and all data supporting the disposition of each request.

(f) SPP shall coordinate with Transmission Owner to the extent practicable to implement schedules for unplanned transmission maintenance when conditions endanger the safety of employees or the public, may result in damage to facilities, or may result in the unsatisfactory operation of its transmission system or any other transmission system.

2.1.4 Generation Maintenance

SPP shall coordinate the maintenance of generating units as appropriate to the extent such generation maintenance directly affects the capacity or reliability of the Electric Transmission System and the generation is located in the SPP Region as follows:

(a) SPP shall review planned generating unit maintenance schedules submitted by generation owners for a minimum of a rolling one-year period. The planned maintenance schedules shall be updated daily. SPP shall keep such information confidential.

(b) SPP shall analyze a planned generating unit maintenance schedule to determine its effect on available transfer capability, ancillary services, the reliability of the Electric Transmission System, and any other relevant effects. SPP shall inform a generation owner if its maintenance schedule is expected to have an impact on the reliability of the Electric Transmission System.

(c) As part of its review process, SPP shall identify generating unit maintenance schedules that limit available transfer capability and shall identify opportunities and associated costs for rescheduling planned maintenance to enhance available transfer capability.

(d) A generation owner that changes planned maintenance at the request of SPP pursuant to this Section 2.1.4 shall be compensated in accordance with the SPP OATT.
(e) SPP shall be responsible for documenting all planned generating unit maintenance schedules, all schedule changes, and all SPP studies and services performed with respect to planned generation maintenance.

2.1.5 Planning Activities

(a) SPP shall engage in such planning activities, in coordination with Member, as are necessary to fulfill its obligations under this Agreement, SPP Criteria and the OATT. Such planning shall conform to applicable reliability requirements of SPP, NERC, Transmission Owner’s specific reliability requirements and operating guidelines (to the extent these are not inconsistent with other requirements), and all applicable requirements of Federal or state regulatory authorities. Such planning shall seek to minimize costs, consistent with the reliability and other requirements set forth in this Agreement. The division of responsibility for planning between Member and SPP is set forth in the SPP Criteria.

(b) As part of its planning activities, SPP shall be responsible for planning, and for directing or arranging, necessary transmission expansions, additions, and upgrades that will enable it to provide efficient, reliable and non-discriminatory transmission service and to coordinate such efforts with the appropriate state authorities.

2.2.1  **Pricing**

In connection with its administration of the OATT, SPP on behalf of its Members may propose to FERC such transmission pricing for transmission service as is necessary to fulfill its obligations under this Agreement, and may propose to FERC such changes in prices, pricing methods, terms, and conditions as are necessary to continue to fulfill such obligations. The Board of Directors must approve such filings. The OATT rates shall be designed and administered so as to recover full cost of service to the greatest extent practicable associated with the provision of transmission service under the OATT for Tariff Facilities. Notwithstanding the foregoing, Transmission Owner possesses the right to revise certain rates as provided in Section 3.10 of this Agreement.

2.2.2  **Standards of Conduct**

SPP shall grant Member, its employees, agents, or external auditors, and Federal and state regulatory authorities having jurisdiction over SPP or Member, such access to SPP’s books, records, business practices, control procedures and required audit test results, and related financial transactions and settlement activities as is necessary to verify compliance by SPP with this Agreement, to audit and verify transactions under this Agreement, and to assist Member in complying with its statutory and regulatory requirements. Such access shall be at reasonable times and under reasonable conditions. SPP shall also comply with the reporting requirements of Federal and state regulatory authorities having jurisdiction over SPP with respect to the business aspects of its operations. Contact between officers, employees, and agents of Member and those of SPP shall comply with the Standards of Conduct.

2.4.2 Stranded Cost Recovery Charges

SPP shall collect and distribute, as appropriate, any stranded cost recovery charges pursuant to applicable schedules accepted by appropriate regulatory entities.
3.0 Commitments, Rights, Powers, and Obligations of Member

Member has made the following commitments, and shall have the following rights and shall be responsible for the following functions, some of which apply only to a Transmission Owner, some only to a Non-Transmission Owner.

(a) Transmission Owner shall transfer functional control related to the rates, terms and conditions of the OATT of its Transmission Facilities, subject to receiving all necessary regulatory authorizations, thereby allowing SPP to (i) direct the operation of the Transmission Facilities in accordance with the terms of this Agreement; (ii) administer transmission service under the Transmission Tariff over that Transmission Owner’s Tariff Facilities; and (iii) receive funds from Transmission Customers relating to transmission service over Tariff Facilities and distribute funds to the Transmission Owner. Where Member, owns generators within the SPP Region which directly affect the capacity or reliability of the Electric Transmission System, it shall offer to provide the ancillary services required under the OATT at rates approved by regulatory authorities, where appropriate, to the extent such generators are able to provide such ancillary services.

(b) Transmission Owner shall operate and maintain its Tariff Facilities subject to the requirements of this Agreement.

(c) Where Transmission Owner is a balancing area operator, it shall continue to operate its balancing areas for local generation control and economic dispatch, and shall be responsible for identifying and addressing local problems in a reliable manner.

(d) Transmission Owner shall provide transmission service over its Tariff Facilities at the direction of SPP pursuant to the terms of the OATT.

(e) Member agrees to comply with the instructions of SPP in its role as Reliability Coordinator.

(f) Transmission Owner shall retain all rights of ownership, including legal and equitable title in its Tariff Facilities, subject to the provisions of this Agreement. Transmission Owner, or one acting under its authority, shall retain all rights to
access to its Tariff Facilities so long as such access is consistent with the provisions of this Agreement.

(g) Notwithstanding any other provision in this Agreement, Transmission Owner shall not be obligated or be considered to be allowing transmission over its facilities if such transmission would cause the loss of the tax-exempt status of Transmission Owner or any bonds or other debt of Transmission Owner.

(h) Notwithstanding any other provisions of this Agreement, Member reserves the right to exercise operational authority of Member’s Tariff Facilities (1) to protect public safety and the safety of its workers, to prevent damage to equipment, and to preserve reliability in compliance with NERC standards, and (2) as necessary to preserve Member’s rights, duties and obligations regarding electric service to its retail and wholesale native load customers pursuant to any applicable Federal or state law and consistent with NERC standards, if SPP’s exercise of operational authority over the Tariff Facilities would endanger said electric service or is contrary to or would curtail, surrender or delegate such Federal or state law rights, duties and obligations. Member will, as soon as reasonably practicable thereafter, notify SPP of such actions taken by Member. Member and SPP will meet and confer regarding the matter and, as necessary, negotiate in good faith to modify the Agreement to address the matter.
3.1 Redispatch and Curtailment

Where Member owns or controls generation, it shall follow the instructions of SPP in its role as Reliability Coordinator in redispatching generation if such generation directly affects the reliability and capability of the Electric Transmission System and is located within the SPP Region. Member shall follow the instructions of SPP in its role as Reliability Coordinator or as administrator of the OATT to effectuate curtailment of load. Member shall submit to and coordinate with SPP unit schedules and must-run units within the SPP Region that affect Electric Transmission System capability or reliability. Where Member is providing redispatch it shall receive appropriate compensation in accordance with appropriate rate schedules.
3.2 Transmission and Generation Maintenance Practices

Transmission Owner shall maintain its Tariff Facilities in accordance with Good Utility Practice. Member shall maintain its generation facilities subject to this Agreement in accordance with Good Utility Practice. Transmission Owner shall coordinate and obtain SPP approval for maintenance on its Tariff Facilities in accordance with Section 2.1.3 of this Agreement. Where Member owns or controls generation facilities within the SPP Region directly affecting Electric Transmission System capability or reliability, it shall coordinate maintenance of such facilities with SPP in accordance with Section 2.1.4 of this Agreement.
3.3 Construction

(a) As part of its planning activities, SPP shall be responsible for planning, and for directing or arranging, necessary transmission expansions, additions, and upgrades that will enable it to provide efficient, reliable and non-discriminatory transmission service and to coordinate such efforts with the appropriate Federal or state authorities, including the Member’s governing board where it serves as that authority, or in the case of a Federal Power Marketing Agency, the Administrator. Transmission Owner shall use due diligence to construct transmission facilities as directed by SPP in accordance with the OATT and this Agreement, subject to such siting, permitting, and environmental constraints as may be imposed by Federal, state, and local laws and regulations, and subject to the receipt of any necessary Federal or state regulatory approvals, including, as necessary, the Member’s governing board where it serves as that authority. Such construction shall be performed in accordance with Good Utility Practice, applicable SPP Criteria, industry standards, Transmission Owner’s specific reliability requirements and operating guidelines (to the extent these are not inconsistent with other requirements), and in accordance with all applicable requirements of Federal or state regulatory authorities. Transmission Owner shall be fully compensated to the greatest extent permitted by FERC, or other legislative or regulatory authority for the costs of construction undertaken in accordance with the OATT.

(b) After a new transmission project has received the required approvals and been approved by SPP, SPP will direct the appropriate Transmission Owner(s) to begin implementation of the project in accordance with Attachment O of the OATT.
3.4 Use of Distribution Facilities

Transmission Owner shall provide such service over its Distribution Facilities, where applicable, as is necessary to effectuate transmission transactions administered by SPP, at approved rates, and subject to a separate tariff or agreement as appropriate.
3.5 Providing Information

Member shall provide such information to SPP as is necessary for SPP to perform its obligations under this Agreement and the OATT, and for planning and operational purposes. Such information shall be treated as confidential when so designated so long as its designation is reasonable.
3.6 Facilities Access

Transmission Owner shall allow SPP such access to Tariff Facilities as is necessary for SPP to perform its obligations under this Agreement. Such access shall be at reasonable times and under reasonable conditions.
3.7 Inspection and Auditing Procedures

Transmission Owner shall grant SPP such access to its books and records as is necessary for SPP to perform its obligations under this Agreement and to audit and verify transactions under this Agreement. Such access shall be at reasonable times and under reasonable conditions.

Transmission Owner shall not be required to provide access to confidential information unless it consents, which consent will not be unreasonably withheld. Transmission Owner may require reasonable disclosure conditions before giving its consent. Disclosure of confidential information shall be made consistent with such disclosure conditions or in accordance with any effective order requiring production of such confidential information issued by a court or regulatory authority. SPP shall provide Transmission Owner immediate notice of any request by an entity to review any such confidential information.
3.8 **Compliance with Bylaws and Other Policies and Procedures**

(a) Member agrees to and will comply with and abide by the provisions of the SPP Bylaws and pay, when due, any dues, assessments, OATT charges, and other amounts owing to SPP.

(b) Member shall comply with all approved and applicable SPP and NERC policies, principles, criteria, standards, and guides and monitoring and certification procedures.

(c) Where Member is also a member of a Regional Entity, it may, at its request and upon approval of the President, be granted a waiver of responsibilities associated with SPP Criteria and/or Bylaws that are duplicative of or inconsistent with responsibilities of membership in such Regional Entity. Where Member receives such a waiver, it agrees to forgo voting privileges on issues before any organizational group pertaining to waived responsibilities.
3.9 Planning and Participation

Transmission Owner shall participate in regional joint planning and coordinated operation of the Electric Transmission System. Non-Transmission Owner shall be entitled to participate in regional joint planning and coordinated operation of the Electric Transmission System.
3.10  **Pricing**

Transmission Owner shall possess the unilateral right to file with FERC, and, if the Transmission Owner is non-jurisdictional, the Transmission Owner shall have the option to file with FERC, or submit to SPP for filing with FERC, pursuant to Section 205 of the Federal Power Act and Federal statutory and regulatory requirements, including Delegation Order No. 00-37.00A, 10 CFR Part 903 and 18 CFR Part 300, as amended or superseded, modifications to change the rates or rate structure for transmission service over its Tariff Facilities, including filing a fixed revenue requirement and supporting data or a rate formula template for its cost of service revenue requirements, and to submit proposals or filings governing new construction with FERC; provided, however, Transmission Owner may not submit a proposal which results in a Transmission Customer paying two or more transmission charges for transmission for one transaction under the OATT (excluding Distribution Facilities for which an additional charge may be imposed, and Grandfathered Agreements as defined in the OATT). Transmission Owner shall notify SPP in advance of its intention to submit a filing to FERC and provide SPP with a copy of the filing. No approval from SPP is required for such filings.
3.11 No Waiver of Jurisdictional Immunity

If Member is not subject to the jurisdiction of FERC as a public utility under the Federal Power Act, Member shall not be required to take any action or participate in any filing or appeal that would confer FERC jurisdiction over Member that does not otherwise exist. Any order, decision, rule or regulation issued by FERC to SPP or any other Members or Member of SPP relating to matters exempt from FERC jurisdiction under Section 201(f) of the Federal Power Act shall not apply directly or separately to a non-jurisdictional Member. Without limiting the generality of the foregoing, except as otherwise provided in the Federal Power Act, a non-jurisdictional Member shall not be bound or obligated by any FERC order, decision, rule or regulation requiring a change in the rates, terms or conditions for transmission service or compensation for utilizing the transmission facilities of a non-jurisdictional Member, which conflicts with applicable Federal or state law, including any order requiring the suspension of the use of such rates, terms or conditions or the payment of refunds of rates or compensation previously collected or received. A non-jurisdictional Member and SPP acknowledge that FERC, in the context of its jurisdiction over SPP’s rates, may review a non-jurisdictional Member’s revenue requirement and rates to the extent they comprise or affect the rates charged by SPP or other Members. In the case of a Federal Power Marketing Agency, this review shall be consistent with the Delegation Order No. 00-037.00A, as superseded or amended, from the Secretary of Energy to the Power Marketing Administrations and the FERC, including the regulations implementing this review authority. If FERC does not accept a non-jurisdictional Member’s revenue requirement or rates, the non-jurisdictional Member may terminate this Agreement pursuant to the withdrawal provisions of the Agreement. In such event, the non-jurisdictional Member and SPP agree to meet and confer prior to any termination of this Agreement. Nothing in this Agreement, or the participation of a non-jurisdictional Member in SPP and its operations waives any objection to or otherwise constitutes a consent to, the jurisdiction by FERC that does not otherwise exist over the non-jurisdictional Member or its transmission service, facilities and rates.
3.12 Compliance with Federal or State Law

Notwithstanding any other provision of this Agreement, a non-jurisdictional Member shall not be required to take any action or do any other thing with respect to rates, charges, terms or conditions of service, the resolution of disputes under this Agreement or any other matter regarding its obligations and performance under this Agreement, that (i) the non-jurisdictional Member is not permitted by Federal or state law to undertake or that is prohibited in whole or in part by any Federal or state law or regulation applicable to the non-jurisdictional Member; or (ii) would require the non-jurisdictional Member to violate a provision of such state or Federal law or regulation in order to comply with this Agreement. Determination of compliance with and permissible action, conduct or obligations under this Section 3.12 by a non-jurisdictional Member shall be within the sole jurisdiction of the non-jurisdictional Member’s governing board, or in the case of a Federal Power Marketing Agency, its Administrator, subject to applicable Federal or state court review. A non-jurisdictional Member shall not object to SPP’s participation in any Federal or state proceedings that impact the non-jurisdictional Member’s ability to perform under this Agreement or determinations regarding such impact. To the extent possible without violating Federal or state law, a non-jurisdictional Member shall notify SPP in advance of any action that the non-jurisdictional Member is required to take that the non-jurisdictional Member believes would constitute a violation of Federal or state law, and the non-jurisdictional Member and SPP promptly shall meet and confer regarding the matter. As necessary, the non-jurisdictional Member and SPP agree to negotiate in good faith to modify the Agreement as consistent as possible with the original intent to allow SPP to exercise operational authority over the non-jurisdictional Member’s Tariff Facilities as otherwise provided in the Agreement. If the non-jurisdictional Member and SPP are unable to resolve the matter, the non-jurisdictional Member may terminate this Agreement pursuant to the withdrawal provisions of the Agreement.
4.0 Termination of Membership

This Section states the terms and conditions applicable to any Termination or Partial Termination.
4.1 Events of Termination and Partial Termination.

A “Termination” shall mean any cessation of Membership, voluntary or involuntary, or a termination of this Agreement for any reason including the following:

a. Member voluntarily withdraws from membership under Sections 4.0 or 5.0 of this Agreement;

b. An involuntary termination of membership occurs pursuant to Section 6.0 of this Agreement;

c. Member withdraws from membership or terminates this Agreement to comply with the terms of any applicable law or regulation;

d. A withdrawal from membership or termination of this Agreement is ordered by any court or administrative agency of competent jurisdiction; SPP reserves the right, but is not obligated, to maintain before such court or administrative agency, or on any appeal, that FERC has preemptive jurisdiction;

e. A material breach or repudiation of this Agreement, in the discretion of the non-breaching or non-repudiating party;

f. The liquidation or dissolution of SPP, unless a third party has assumed the rights and obligations of SPP under this Agreement consistent with Section 8.2, and has reasonably demonstrated capability to perform SPP’s obligations under this Agreement;

g. An agreement between SPP and the Member to terminate this Agreement.

A “Partial Termination” occurs upon a Member’s voluntary removal of a portion of its transmission facilities or customers from the SPP Region, including, by way of example and not limitation, sale of a part of the Member’s distribution or transmission network or transfer to another service provider of a portion of its retail load.
4.2 Termination Procedures and Effective Dates

4.2.1 Voluntary Withdrawal

(a) Notice of Voluntary Withdrawal of a Member. Subject to Section 4.3, a Member may withdraw voluntarily from this Agreement, provided that it has given written notice to the President of its intent to withdraw. For Load Serving Entity and Transmission Only Entity Members, the notice of intent to withdraw must state a proposed date for the withdrawal and be delivered to the President no less than twenty-four (24) months prior to such date. For Members that are a Non-Load Serving Entity, the notice of intent to withdraw must state a proposed date for the withdrawal and be delivered to the President prior to such date. The President will advise the Members and the Board of Directors of any withdrawal notices received. In order to assure that there is no more than one proposed termination date with respect to a Member, a withdrawal notice shall be deemed to supersede any prior withdrawal notice given by the Member, except that a Member may not submit a withdrawal notice less than twenty-four (24) months prior to the termination date proposed in the Member’s previous notice of intent to withdraw, unless that Member is a Non-Load Serving Entity. Voluntary withdrawal is a Termination and creates the same obligations as a Termination for any other reason. Upon receiving a notice of intent to withdraw, SPP shall account for such notice of intent to withdraw in the SPP planning process, unless the Member plans to continue to take transmission service from SPP after the termination date.

(b) Withdrawal Deposit. Load Serving Entity and Transmission Only Entity Members submitting a written notice of its intent to withdraw from this Agreement or notice of a Partial Termination must simultaneously submit a cash withdrawal deposit to SPP, as set forth in the table below. SPP will not accept a notice of intent to withdraw or notice of a Partial Termination from a Load Serving Entity or a Transmission Only Entity without a withdrawal deposit. SPP will treat the withdrawal deposit as a pre-payment of a portion of the costs SPP incurs to process the Member’s withdrawal from SPP or Partial Termination, as set forth in Section 4.3.2(d) of this Agreement, or the costs associated with reintegrating the Member, its facilities, or its customers into SPP if the Member subsequently rescinds its notice of intent to withdraw or notice of Partial Termination and SPP incurs costs for such reintegration. Withdrawal deposits are as follows:
If the cost of processing Member’s withdrawal as calculated by SPP pursuant to Section 4.3.2(d) of this Agreement exceeds the withdrawal deposit, the additional amount shall be included in the invoice SPP provides to the Member under Section 4.3.2(e) of this Agreement. If the Member rescinds its notice of intent to withdraw and the cost of processing the Member’s withdrawal and subsequent reintegration into SPP exceeds the withdrawal deposit, SPP shall invoice the Member for the amount of the cost that exceeds the deposit, and the Member shall provide payment to SPP within thirty (30) days of receipt of the invoice. For Members that are Non-Load Serving Entities, the cost, if any, of processing the Member’s withdrawal as calculated by SPP shall be included in the invoice SPP provides to the Member under Section 4.3.2(e) of this Agreement. If the withdrawal deposit exceeds the costs of processing the Member’s withdrawal and/or reintegration, SPP shall refund the difference to the Member. Notwithstanding the foregoing, a Federal Power Marketing Agency shall not be required to make a withdrawal deposit and shall only be responsible for paying SPP costs after they are incurred and appropriately invoiced pursuant to Section 4.3.2(e).

(c) **Notice of Partial Termination.** In the event of a Partial Termination, the Member shall provide written notice to the President of its intent to remove a portion of its transmission facilities or customers from the SPP Region. The notice of a Partial Termination must state the effective date for the removal of a portion of the transmission facilities or customers from the SPP Region and be delivered to the President no less than twenty-four (24) months prior to such date. The President will advise the Members and the Board of Directors of notices of Partial Termination received.

### 4.2.2 Effective Date of Termination

(a) **Voluntary Withdrawal.** If the withdrawing Member is not a Transmission Owner subject to FERC jurisdiction, the Termination Date shall be the date proposed in the withdrawal notice under Section 4.2.1 or otherwise agreed by

SPP. If the withdrawing Member is a Transmission Owner subject to FERC jurisdiction, the Termination Date shall be the later of (i) the proposed date specified in the withdrawal notice or otherwise agreed by SPP, (ii) the effective date, if any, set by the FERC order approving the withdrawal; or (iii) the date that such FERC order is no longer subject to review by a court of competent jurisdiction.

(b) Termination other than Voluntary Withdrawal. If the Termination occurs for any reason other than the Member’s voluntary withdrawal under Section 4.2.1 or by agreement with SPP, the Termination Date shall be as follows:

(i) If the Member is not a Transmission Owner subject to FERC jurisdiction, the Termination Date shall be the date of the event by which the Termination occurs, for example, the date a party gives notice that it will treat a breach or repudiation as a Termination or the date a Member withdraws in order to comply with the terms of a law or regulation. The foregoing notwithstanding, if the Termination occurs due to the order of a court or administrative agency, the Termination Date shall be the date the order is no longer subject to review by a court of competent jurisdiction.

(ii) If the Member is a Transmission Owner requiring regulatory agency approval prior to effectively withdrawing from SPP, then the Termination Date shall be the later of (i) the effective date, if any, set by the regulatory agency order approving the Termination; or (ii) the date that such regulatory order is no longer subject to review by a court of competent jurisdiction.

(iii) In conjunction with the requirements and limitations imposed in Section 4.2.2(b)(ii) above; Transmission Owning Members of SPP wishing to withdraw from SPP and requiring regulatory agency approval prior to such withdrawal being effective are required to initiate the required regulatory filings seeking approval to withdraw prior to the end of the 24-month notice period. Additionally, these members must provide SPP copies of the
regulatory filings in a timely manner after filing with the appropriate regulatory agency. Failure to comply with the terms of this paragraph will effectively rescind the notice of the withdrawing member.

(iv) Member may terminate this Agreement with less than the required twenty-four (24) months’ notice, in the event that the Federal or state law governing Member changes, or any provisions of this Agreement, the provisions of SPP’s OATT, or SPP’s Bylaws are changed or modified in a manner that causes a conflict with the Member’s Federal or state law, regulations, or rate schedules, and the internal dispute resolution process described in Section 12 of the OATT is unable to resolve such conflict. In such event, Member and SPP shall meet and confer to facilitate the withdrawal as soon as practicable as necessary to ensure compliance with Federal or state law.

(v) Any Member with Transmission Facilities located in the Upper Missouri Zone may terminate this Agreement with less than the required twenty-four (24) month notice in the event that Western-UGP or Basin Electric Power Cooperative withdraws from SPP in accordance with its respective withdrawal rights or if FERC finds that SPP has not adhered to all of the Federal Power Marketing Agency Amendments, the Basin Electric Amendments, or the Heartland Amendments. In such event, Member and SPP shall meet and confer to facilitate the withdrawal as soon as practicable or as necessary to ensure compliance with state or Federal law. In the event of a withdrawal by Western-UGP or Basin Electric Power Cooperative, Member’s withdrawal will become effective on the same date as that of Western-UGP or Basin Electric Power Cooperative. Such Member also may terminate this Agreement in the event that SPP files and FERC approves changes to the Federal Power Marketing Agency Amendments, the Basin Electric
Amendments, or the Heartland Amendments that have a material adverse effect on such Member. If such Member exercises its withdrawal rights under this provision, the financial obligations will be calculated under § 4.3 of this Agreement.

(c) **Partial Termination.** The Termination Date for a Partial Termination shall be the date the voluntary removal of a portion of transmission facilities or customers from the SPP Region is effective, unless otherwise agreed by SPP.
4.3 Obligations Upon Termination

4.3.1 Obligation to Hold Users Harmless

Transmission Customers taking service which involves facilities being withdrawn by a Transmission Owner from the functional control of SPP and where such service is under transmission contracts executed before the Termination Date shall continue to receive the same service for the remaining term of each such contract at the same rates, terms, and conditions that would have been applicable if the Termination or Partial Termination had not occurred. Transmission Owner agrees to continue providing service to such Transmission Customers in accordance with the preceding sentence, and shall receive revenues calculated in accordance with the OATT but no more in revenues for that service that if there had been no Termination or Partial Termination.

4.3.2 Obligation of Member to Pay Current and Existing Obligations

(a) In the event of a Termination or Partial Termination of a Member, the Member shall pay all obligations incurred under this Agreement at any time prior to the Termination Date. A Non-Transmission Owner Member shall pay all Existing Obligations as defined in Sections 4.3.2(b)(i)-(iii), calculated as of the Termination Date, and is subject to the obligations set forth in Sections 4.3.2(c)-(f). In addition, in order for SPP to recover a portion of certain debts and cost payable by SPP after the Termination Date as further specified in this Agreement, a Transmission Owner Member shall pay all Existing Obligations as defined in Section 4.3.2(b), calculated as of the Termination Date, and is subject to the obligations set forth in Sections 4.3.2(c)-(f). SPP shall make reasonable efforts to mitigate the Member’s Existing Obligations by commercially reasonable actions (such as prepayment of allocable debt, or investment of part or all of the Member’s payment in an interest-bearing instrument) and, in its discretion, may further discount the Member’s Existing Obligations to reflect any additional mitigation SPP determines it will achieve.

(b) “Existing Obligations” are all of the following and other obligations as may be set forth in the Bylaws from time to time;
i. the Member’s unpaid annual membership fee,

ii. the Member’s unpaid dues, assessments, and other amounts charged under Section 3.8 of this Agreement, Section 8.4 of the Bylaws, or otherwise under the Bylaws, plus the Member’s share of costs SPP customarily includes in such dues, assessments or other charges, but which as of the Termination Date SPP had not included in such dues assessments or other charges.

iii. Any costs, expenses or liabilities incurred by SPP directly due to the Termination, regardless of when incurred or payable.

iv. A Transmission Owner Member’s Existing Obligations shall also include:

a. the Member’s share (computed in accordance with the Bylaws) of the entire principal amounts of all SPP Financial Obligations outstanding as of the Termination Date. “Financial Obligations” are all long-term (in excess of six (6) months) financial obligations of SPP, including but not limited to the following:

1. debts under all mortgages, loans, loan agreements, borrowings, promissory notes, bonds, and credit lines under which SPP is obligated, including principal and interest;

2. all payment obligations under equipment leases, financing leases, capital leases, real estate and office space leases, consulting contracts, and contracts for outsourced services;

3. any unfunded liabilities of any SPP employee pension funds, whether or not liquidated or demanded;

4. the general and administrative overhead of SPP for a period of three (3) months; and
5. any prepayment premiums or penalties arising under SPP Financial Obligations.

b. the Member’s share (computed in accordance with the Bylaws) of all interest that will become due for payment with respect to all interest bearing Financial Obligations after the Termination Date and until the maturity of all Financial Obligations in accordance with their respective terms (“Future Interest”). In the event that a Financial Obligation carries a variable interest rate, the interest rate in effect at the Termination Date shall be used to calculate the applicable Future Interest. In determining the Member’s share of Future Interest, SPP shall take into account any reduction of Financial Obligations due to mitigation under this Section.

c. In the event of a Partial Termination, Existing Obligations shall first be calculated as though a Termination occurred, and the Member shall pay a percentage thereof as Existing Obligations due to the Partial Termination. Such percentage shall be the percentage reduction of the Net Energy for Load Ratio (if applicable) that is attributable to the Member resulting from the Partial Termination.

d. In the event of a Termination or Partial Termination by a Member, the Member shall pay to SPP all costs SPP incurs to remove the Member’s facilities and/or load from SPP markets and operations. Such costs will be determined by SPP and shall include but not be limited to costs associated with modifying systems and databases, staff time, legal costs, and all costs of completing other tasks necessary to process the Member’s Termination. SPP will apply the Member’s withdrawal deposit, as specified in Section 4.2.1(b), to such costs, and any costs exceeding the withdrawal deposit shall be included in the invoice to the Member as discussed in Section 4.3.2(e) of this Agreement.
(e) SPP shall invoice Member for Existing Obligations within one month after the Termination Date, except that delay by SPP in issuing the invoice shall not diminish Member’s obligation to make timely payment. The invoice shall be due and payable no later than five (5) business days after issuance. Any amounts owed by SPP to the Member shall, solely at SPP’s election and in its discretion, be offset against the Member’s Existing Obligations or paid to the Member concurrently with issuance of the invoice.

(f) The Member acknowledges and agrees that Existing Obligations include amounts that SPP expects to accrue and that will become payable by SPP between the date of Member’s Notice of Termination and the Member’s Termination Date, and that no part of a payment of Existing Obligations shall be refundable to the Member under any circumstances, including (except as provided in this Section with respect to mitigation or the execution of a new Agreement by the Member after the Member’s Termination) any reduction of the Financial Obligations (if applicable). Any disagreement as to the calculation of Existing Obligations shall be resolved in accordance with the dispute resolution procedures in the Bylaws. If, after Termination, the Member elects to re-join SPP and execute the Agreement then in effect, SPP, in its sole discretion, may elect to credit a portion or all of the Member’s Existing Obligations paid to SPP upon the Member’s earlier Termination against any future payments owed by the Member to SPP.

4.3.3 Construction of Transmission Facilities

Any obligations relating to the construction of new facilities pursuant to an approved plan of SPP shall be negotiated between SPP and the Transmission Owner prior to the Termination Date so as to continue the Transmission Owner’s construction obligation for facilities for which SPP has issued a notification to construct to the Transmission Owner prior to the Termination Date. If such obligations cannot be resolved through negotiations, they shall be resolved in accordance with the dispute resolution procedures in the Bylaws and Agreement.

4.3.3A Financial Obligations for Transmission Facilities

Effective Date: 3/1/2021 - Docket #: ER21-648-000 - Page 123
This Section 4.3.3A applies to any Terminated Member that was a Transmission Owner at the time it submitted its notice of intent to withdraw pursuant to Section 4.2.1(a) or Member that was a Transmission Owner at the time it submitted its notice of Partial Termination pursuant to Section 4.2.1(c). Such Terminated Member shall remain financially responsible for all financial obligations incurred and costs allocated to its load for transmission facilities approved prior to the Termination Date. Payments in fulfillment of any such obligations and allocated costs shall commence on the date that the costs of such transmission facilities are reflected in SPP’s generally applicable rates, unless SPP and the Terminated Member agree to an alternate date. Rights, obligations, and payments applicable to time periods prior to the Termination Date shall be honored by SPP and the Terminated Member. Fulfillment and performance of such rights and obligations, and rights and obligations regarding the use of such transmission facilities, shall be negotiated between SPP and the Terminated Member, and any disputes involving such rights and obligations shall be resolved in accordance with the dispute resolution procedures in the Bylaws and Agreement.

4.3.4 Regulatory and Other Approvals or Procedures

Any Termination or Partial Termination with respect to a Transmission Owner shall be subject to applicable Federal and state law and regulatory approvals or procedures.
5.0 Regulatory, Tax, And Other Authorities
5.1 Regulatory and Other Authorities

This Agreement and the participation of Member is subject to acceptance or approval by FERC, and may be subject to actions of respective Federal or state regulatory authorities to which Member may be subject, and to the actions of any other governmental body which may affect the ability of Member to participate in this Agreement. The following items describe Member’s rights and obligations in the event regulatory and other approvals or acceptances are not obtained or changes are required:

(a) In the event FERC disapproves or refuses to accept this Agreement or the changes to the OATT, transmission service agreements, and Bylaws developed together with this Agreement, then this Agreement shall cease to be effective except that the signatories shall be obligated to attempt expeditiously and in good faith to negotiate a substitute agreement and OATT, transmission service agreements, and Bylaws which address the reasons for such FERC action. If, despite such good faith negotiation, the signatories are unable to produce such a substitute agreement and OATT, transmission service agreements, and Bylaws, then the signatories shall have no further obligations under this Agreement or any filing associated herewith.

(b) In the event of any order or decision by FERC or by a court modifying this Agreement or the OATT, transmission service agreements, and Bylaws submitted as part of the initial filing seeking FERC acceptance or approval, that in the judgment of Member adversely affects it, then Member, at its sole discretion, may withdraw from this Agreement by providing written notice to the President of SPP no later than thirty days after such order or decision without receiving any FERC authorization. In such event, Member will in good faith negotiate to determine whether changes should be made to the Agreement or the OATT, transmission service agreements, and Bylaws to address the reasons for Member’s withdrawal.
5.2 Tax Authorities

If the Internal Revenue Service or any other Federal, state, or local taxing authority issues, or fails to issue, any ruling, or imposes any requirement or obligation, in connection with this Agreement on Member adverse to Member (in its sole judgment), or if adherence to this Agreement jeopardizes the tax-exempt status of Member or its bonds, then Member may, within 30 days of the date of such final order, or a good faith belief of such adverse consequences, withdraw from this Agreement subject to receiving any necessary regulatory approvals. In such event, Member and SPP will, in good faith, negotiate to determine whether changes should be made to the Agreement to address the reasons for Member’s withdrawal.

Nothing in this Agreement, nor Member's obligations and performance thereunder, shall affect, or require Member to take or refrain from taking any action that would affect the rights and obligations or enforceability of Member's present or future bond resolutions, tax-exempt debt covenants and financing agreements. Member shall determine in its sole discretion and judgment, in accordance with advice and opinions from its legal counsel, what actions, conduct and performance it is permitted to or must take under its bond resolutions, tax-exempt debt covenants and financing agreements. Member and SPP will meet and confer regarding the matter and, as necessary, negotiate in good faith to modify the Agreement to address the matter.
5.3 Effectiveness as to Certain Members

The effectiveness of this Agreement as to Member where it is a governmental entity or non-public utility and has outstanding tax-exempt bonds issued to finance, in whole or in part, generation, transmission, or Distribution Facilities is dependent upon satisfaction or Member’s written waiver of the following conditions precedent:

(a) Receipt of an unqualified opinion of a nationally recognized bond counsel to the effect that the provisions of this Agreement do not adversely affect the exclusion from gross income of interest on any such outstanding bonds issued to finance generation, transmission, and Distribution Facilities under the Internal Revenue code of 1986, as amended;

(b) Receipt of an unqualified opinion of a nationally recognized bond counsel or general counsel to Member to the effect that the provisions of this Agreement do not constitute a breach or impairment of, or a default under, any agreement to which it is a party, including, but not limited to, its master bond resolution, as amended, and any power sales contracts with its municipal transmission users (if any), as amended, or other agreements;

(c) Receipt of a certificate of the trustee for any such outstanding bonds issued for generation, transmission and Distribution Facilities to the effect that Member’s entry into this Agreement is permitted under the master bond resolution, as amended; and

(d) Receipt of an opinion of nationally recognized bond counsel or general counsel to Member that it has full constitutional and statutory authority to enter into this Agreement.

In the event that any of the foregoing conditions are not satisfied or waived by Member, then it shall promptly give notice of its objections or conditions which have not been satisfied to SPP, and SPP shall expeditiously attempt in good faith to negotiate a substitute agreement.
6.0 Removal of Members

The Board of Directors may terminate the membership of Member for cause, including but not limited to material violation of the Bylaws or nonpayment of obligations, subject to any applicable regulatory approvals. Such Board of Directors termination shall be after an affirmative vote consistent with the voting procedures in the Bylaws. Where membership is terminated by the Board, Member shall comply with the requirements of Section 4.3 of this Agreement.
7.0 Effective Date, Duration, and Transition

(a) This Agreement shall be effective on the Effective Date and shall remain in force until any Termination Date. All obligations incurred pursuant to Section 4.3 of this Agreement shall survive a termination.

(b) Where Member has, prior to the Effective Date of this Agreement, executed an agency agreement and/or a membership agreement with SPP, upon the Effective Date of this Agreement any prior agreements shall be considered terminated between Member and SPP.
8.0  Miscellaneous Provisions
8.1 **Governing Law**

This Agreement shall be interpreted, construed, and governed by the laws of the State of Arkansas, except to the extent preempted by the law and/or unless a court with jurisdiction rules otherwise, and in a case involving a Federal Power Marketing Agency, Federal law shall apply, provided, however, that (i) all matters relating to real property or any interest in realty shall be governed by the laws of the State wherein such real property or interest in realty is physically located, and (ii) any court or regulatory body applying Arkansas law shall give full effect to Section 3.12 of this Agreement regarding Member’s obligations under state law.
8.2 Successors and Assigns
