Reference: Compliance Filing

Dear Mr. Harward:

On July 17, 2014, Southwest Power Pool, Inc. (SPP) filed revisions to its Open Access Transmission Tariff<sup>1</sup> pertaining to the Integrated Marketplace in compliance with the Commission's order dated June 19, 2014.<sup>2</sup> Specifically, SPP filed proposed revisions regarding bilateral settlement schedules, manual commitments and monitoring and market power mitigation. In addition, as directed in the June 2014 Order, SPP explained why the tariff language SPP filed with respect to mitigation of variable energy resources in its compliance filing dated February 26, 2014, was appropriate and why the removal of a portion of that language was not needed. The provided explanation is sufficient and no further change to this language is required. Pursuant to authority delegated to the Director, Division of Electric Power Regulation - Central, under 18 C.F.R. § 375.307, the submittal in the above referenced docket is accepted for filing effective March 1, 2014, as requested.
