

2015 Integrated Transmission Planning 10-Year Assessment (“2015 ITP10”) Walkemeyer – North Liberal 115 kV line Re-Evaluation

During the January 27, 2015, SPP Board of Directors meeting, the 2015 ITP Near-Term (“ITPNT”) and 2015 ITP10 Reports and project plans were approved, while the 21 mile 115 kV new proposed transmission line from Walkemeyer – North Liberal and its associated projects were requested to be re-evaluated. The powerflow model and the PROMOD economic analysis used to re-evaluate the Walkemeyer – North Liberal 115 kV line have been posted to TrueShare. The economic model files posted to TrueShare contain the XML cases and EVE files for each scenario, as well as a key for run implementation.

INFORMATION for obtaining the 2015 ITP10 updated models

In order to obtain access to these documents in TrueShare, stakeholders must provide SPP with a signed [confidentiality agreement](#). Instructions can be obtained by clicking on the link. Please submit these forms by email to questions@spp.org. After the executed confidentiality agreement is received, an account will be created for the requester on TrueShare. An email with instructions for logging on will be sent to requester. For those that already have a TrueShare account, no additional action is necessary.

These files can be found on TrueShare under “Integrated Transmission Planning – Confidential and Protected Material and or Critical Energy Infrastructure Information-Do Not Release → 2015 ITP10” in the “[2015 ITP10 Walkemeyer Re-Eval \(May 2015\)](#)” folder.

FILE Information

Powerflow Model

File Name	Description
2015ITP10-Sunflower_RatingCorrections.zip Contains file: <i>2015ITP10F1-24SP_Sunflower_Rating_Corrections.sav</i>	2015 ITP10 updated model incorporating rating changes submitted by Sunflower Electric Power Corporation for the re-evaluation of the 21 mile 115 kV line from Walkemeyer – North Liberal

Economic Models

File Names	Description
ITP11519F1APR02BBLS.zip	2019 Option 1 Base
ITP11519F1APR03BBMQ.zip	2019 Option 1 Change
