### **TPL TASK FORCE**

#### **Scope**

**February 12, 2014**

#### **Purpose**

The TPL Task Force will review the TPL-001-4 standard, determine if any process changes or additions are warranted, and make a recommendation to the TWG of its findings.

#### **Scope of Activities**

Evaluate the requirements R1-R8 for needed changes, modifications, and additions to the existing TPL assessment processes and procedures. Specific activities to include but not be limited to the following:

1. Determine new data requirements for facilities, modeling, and contingencies to meet required compliance. This includes interface between PA and TP.
2. Define the SPP and member requirements and responsibilities.
3. Determine R1 modeling requirements and present results to TWG by August 2014.
4. Determine which model Year 1 should be.
5. Evaluate the Table 1 planning events for changes and/or modifications to contingencies currently being assessed.
6. Review the new BES definition as defined by NERC and determine if any changes, modifications, or additions to the existing planning assessment processes and procedures are needed.

#### **Representation**

The TPL Task Force will be composed of at least five and up to ten members, including a chairman.

#### **Duration**

The TPL Task Force is expected to finish work by February 2015.

### **Reporting**

The TPL Task Force will report on their progress, meetings, work, and recommendations at the quarterly TWG meetings as well as teleconference and/ or net conferences as needed.
