02-2654/786	Validation: Demand bids (fixed only, not price sensitive) should be limited to be 110% of a historical peak load for the settlement location.	SPSM			This is actually a follow up on an item that we submitted in October of 2013(?). This enhancement requested that some sort of demand bid validation be put in place to prevent erroneous submissions. We weren't able to find this enhancement request in the current portfolio report, so we are just curious if this already been implemented.	Carrie Dixon, SPSM	SPP staff provided additional information about the review that SPP performs on the submitted demand bids each day.
