

2017 ITPNT Updated Draft Project List

The updated draft list of projects and associated needs for the 2017 ITPNT has been posted to [TrueShare](#). **SPP staff would appreciate any stakeholder feedback regarding this draft project list by Monday, February 6, 2017, via the SPP [Request Management System \(RMS\)](#), using the “ITP – Project Inquiry” quick pick.** These draft projects for the 2017 ITPNT will also be discussed at the Engineering Planning Summit being held Thursday, February 23, 2017 at the SPP Corporate Offices in Little Rock.

[SPP Engineering Planning Summit 2/23/17 Online Registration](#)

Prior to this posting, SPP staff reviewed the proposed projects in the 2017 ITPNT and made a preliminary determination, based upon the information available, of whether each project met the requirements to be a Competitive Upgrade in Attachment Y, Section I (1).

If a project meets the requirements in Attachment Y, Section I (1) and (2) to be a Competitive Upgrade, SPP will be responsible for providing the cost estimates for the project via a third party. If the project did not meet the requirements in Attachment Y, Section I (1) and (2), SPP is requesting cost estimate information from the incumbent Transmission Owner. For more information, see [SPP Business Practice 7660](#).

This preliminary determination is solely for purposes of determining responsibility for cost estimates in the 2017 ITPNT draft list of projects, which will in turn be used to develop a draft portfolio. Staff may make additional changes to the portfolio before it is finalized. An official determination of whether a project meets the requirements to be a Competitive Upgrade in Attachment Y, Section I (1) will not be made until approval of a final portfolio by the SPP Board of Directors.

These files can be found on TrueShare under:

“Integrated Transmission Planning – Confidential and Protected Material and or Critical Energy Infrastructure Information-Do Not Release → 2017 ITPNT” in the [“2017 ITPNT Draft Project List”](#) folder.

FILE Information

FILE	DESCRIPTION
2017_ITPNT_Draft_Project_List_v2_01-23-2017.xlsx	2017 ITPNT project list including two additional projects, an updated conceptual cost to account for a line mileage correction, and the needs associated with the projects.

Information for obtaining the 2017 ITPNT models and draft project list

In order to obtain access to these documents in TrueShare, stakeholders must provide SPP with a signed [confidentiality agreement](#). Instructions can be obtained by clicking on the link. Please submit these forms via **RMS** through the “Request TrueShare Access” Quick Pick. After the executed confidentiality agreement is received, an account will be created for the requester on TrueShare. An email with

instructions for logging on will be sent to requester. For those that already have a TrueShare account, no additional action is necessary.

As a reminder, instructions for accessing the model information can be found on the SPP website [here](#).
