

2018 ITP Near-Term (ITPNT) Feedback Reminder and Posting Update

As a reminder, today is the last day for topology changes for all 2018 ITPNT models. Please submit all changes via the SPP Request Management System ([SPP RMS](#)) **by 5:00 p.m. today**.

In addition, the constraints, which were to be posted yesterday, will be posted as soon as possible, along with the SPP BA models for informational purposes. The delay is due to the need for additional time to review and validate data prior to posting the information.
