

2019 ITP Resource Plan Load Forecasts

Per the ESWG meeting on January 22, 2018, SPP staff is allowing stakeholders the opportunity to provide load projections for the 2019 ITP resource plan, specifically for controllable, curtailable load. Companies wanting to submit a differing load forecast for this effort should do so by close of business this **Friday, January 26**. Please provide feedback through the [SPP Request Management System \(RMS\)](#) using the **'Integrated Transmission Planning (ITP)'** Quick Pick and **'Data Submission'** Subtype.

For all load forecast submittals, please include data for years 2019 through 2039 in the workbook posted [here](#).
