

2018 ITPNT Portfolio List and Updated Needs List

The draft portfolio and associated needs solved by each project for the 2018 ITPNT has been posted to [GlobalScape](#). The original needs list for the study has also been included, with updated staff mitigation comments reflective of additional stakeholder feedback and continued staff work. **SPP staff would appreciate any stakeholder feedback regarding this draft portfolio by Tuesday, May 8, 2018, via the SPP Request Management System (RMS), using the “ITP-Data Submission” quick pick.** SPP staff will evaluate any feedback received to inform the discussion at the May 15-16 TWG Meeting.

The draft portfolio includes projects needed to satisfy the needs for the study, including those projects driven by the 2019 and 2022 Scenario 5 Summer models. You will note at the bottom of the project list a legend has been included to identify new, updated, or removed projects. The needs from the scenario 5 Summer models are under continued evaluation with focus on the Wichita and Northeast Kansas areas. The results of the additional evaluation will be discussed with the TWG and other appropriate stakeholder groups and any recommended projects will be approved independently by the SPP Board of Directors, as documented in the 2018 ITPNT Scope.
