SPP
Notification to Construct

August 17, 2018

Mr. Andrew Lachowsky
Arkansas Electric Coop. Corp.
P.O. Box 194208
Little Rock, AR 72219-4208

RE: Notification to Construct Approved Reliability Network Upgrade

Dear Mr. Lachowsky,

Pursuant to Section 3.3 of the Southwest Power Pool, Inc. ("SPP") Membership Agreement and Attachments O and Y of the SPP Open Access Transmission Tariff ("OATT"), SPP provides this Notification to Construct ("NTC") directing Arkansas Electric Coop. Corp. ("AECC"), as the Designated Transmission Owner, to construct the Network Upgrade.

On July 31, 2018, the SPP Board of Directors approved the Network Upgrade listed below to be constructed as part of the 2018 Integrated Transmission Planning Near-Term ("ITPNT") Assessment.

New Network Upgrades

Project ID: 51300

Project Name: Multi - Fig Five - VBI 69kV

Estimated Cost for Project: \$3,409,700 (this project cost contains a Network Upgrade not included in this NTC)

Network Upgrade ID: 72067

Network Upgrade Name: Fig Five - VBI 69kV Ckt 1 #2Network Upgrade

Description: Upgrade terminal equipment for Fig Five – VBI 69 kV line at VBI North.

Network Upgrade Owner: AECC

MOPC Representative(s): Bruce Walkup

TWG Representative: Michael Mueller

Categorization: Regional Reliability

Network Upgrade Specification: All elements and conductor must have at least an emergency rating of 88 MVA.

Network Upgrade Justification: Selected for 2018 ITPNT portfolio

Need Date for Network Upgrade: 6/1/2019

Estimated Cost for Network Upgrade (current day dollars): \$52,100

Cost Allocation of the Network Upgrade: Base Plan

SPP-NTC-210490

Estimated Cost Source: AECC
Date of Estimated Cost: 4/6/2018

Commitment to Construct

Please provide to SPP a written commitment to construct the Network Upgrade within 90 days of the date of this NTC, in addition to providing a construction schedule and an updated $\pm 20\%$ cost estimate, NTC Project Estimate, in the Standardized Cost Estimate Reporting Template for the Network Upgrade. Failure to provide a sufficient written commitment to construct as required by the SPP OATT could result in the Network Upgrade being assigned to another entity.

Mitigation Plan

The Need Date represents the timing required for the Network Upgrade to address the identified need. Your prompt attention is required for formulation and approval of any necessary mitigation plans for the Network Upgrade included in the Network Upgrade if the Need Date is not feasible. Additionally, if it is anticipated that the completion of any Network Upgrade will be delayed past the Need Date, SPP requires a mitigation plan be filed within 60 days of the determination of expected delays.

Notification of Commercial Operation

Please submit a notification of commercial operation for each listed Network Upgrade to SPP as soon as the Network Upgrade is complete and in-service. Please provide SPP with the actual costs of this Network Upgrade as soon as possible after completion of construction. This will facilitate the timely billing by SPP based on actual costs.

Notification of Progress

On an ongoing basis, please keep SPP advised of any inability on AECC's part to complete the approved Network Upgrade. For project tracking, SPP requires AECC to submit status updates of the Network Upgrade quarterly in conjunction with the SPP Board of Directors meetings. However, AECC shall also advise SPP of any inability to comply with the Project Schedule as soon as the inability becomes apparent.

All terms and conditions of the SPP OATT and the SPP Membership Agreement shall apply to this Project, and nothing in this NTC shall vary such terms and conditions.

Don't hesitate to contact me if you have questions or comments regarding these instructions. Thank you for the important role that you play in maintaining the reliability of our electric grid.

SPP-NTC-210490

Sincerely,

Lanny Nickell

Vice President, Engineering
