- AD10-12** **Increasing Market and Planning Efficiency through Improved Software**
- On June 15, 2020, FERC issued the agenda for the technical conference to be held on June 23-25, 2020.
- AD20-14** **Carbon Pricing in Organized Regional Wholesale Electric Energy Markets**
- On June 17, 2020, FERC issued a Notice of Technical Conference to be held on September 30, 2020 in order to discuss considerations related to state adoption of mechanisms to price carbon dioxide emissions, commonly referred to as carbon pricing, in regions with Commission-jurisdictional organized wholesale electricity markets.
- AD20-17** **Impacts of COVID-19 on the Energy Industry**
- On June 5, 2020, FERC issued a Supplemental Notice of Technical Conference.
- AD20-18** **Offshore Wind Integration in RTOs/ISOs**
- On June 17, 2020, FERC issued a Notice of Technical Conference to be held on October 27, 2020 to discuss whether existing Commission transmission, interconnection, and merchant transmission facility frameworks in RTOs/ISOs can accommodate anticipated growth in offshore wind generation in an efficient and effective manner that safeguards open access transmission principles and to consider possible changes or improvements to the current framework should they be needed to accommodate such growth.
- AD20-7** **Reliability Technical Conference**
- On June 30, 2020, FERC issued a Notice Canceling the 2020 Annual Reliability Technical Conference.
- EL19-11** **Complaint of the American Wind Energy Association ("AWEA") and the Wind Coalition (collectively, "Complainants") Regarding SPP's Financial Obligations of Withdrawing Members**
- On June 4, 2020, SPP filed an answer in response to comments regarding SPP's compliance filing submitted on April 29, 2020.
- EL19-92** **Section 206 Proceeding Regarding Exemption from Order No. 1000 Requirement for Immediate Need Reliability Projects**
- On June 18, 2020, FERC issued an order finding there is insufficient evidence in the record to file under Section 206 of the Federal Power Act that SPP's implementation of the exemption for immediate need reliability projects is unjust, unreasonable, or unduly discriminatory or preferential. Accordingly, FERC terminated this proceeding.
- EL20-53** **Grand River Dam Authority's ("GRDA") Expedited Petition for Limited Waiver of Tariff Requirements Regarding Delivery Point Transfers under the SPP Tariff**
- On June 16, 2020, Grand River Dam Authority filed a petition requesting that the Commission waive the requirement that Delivery Point Transfers under Part III, Section 31.2e of the SPP Tariff must occur between two different Transmission Customers, because that limitation prevents GRDA from merging its two separate Network Integration Transmission Service Agreements into a single agreement.
